

COVID-19 Andrew Jackson Academy Football Game Protocols

- Fans will be allowed but stadium seating on the bleachers will be limited. Fans are encouraged to bring their own lawn chairs for additional seating.
- Fans must enter the game and leave the game wearing a mask. Anytime someone is moving around the facility, a mask must be worn. Fans in the stands must wear a mask until they are seated in the stands, socially distancing six feet. Every other row in the stadium bleachers will be blocked.
- Family groups may obviously sit together.
- Visiting fans will have designated bleachers behind the visiting team bench. Seating is extremely limited on this side. Bringing a lawn chair is again the best option.
- No outside footballs will be allowed in the stadium. No fans are allowed for spirit tunnels during team entrance onto the field (cheerleaders only).
- Kids will not be allowed to play on the other athletic fields during the game at this time.
- Fans should not go on the field after the game or congregate in large groups. Please exit the game while maintaining social distance and with your mask worn.

TICKET GATE VOLUNTEERS

- Masks are required at all times.
- People waiting in line for tickets should be socially distanced.
- Wash Hands Before and After serving. Gloves are optional. Use hand sanitizer when washing is not possible.

CONCESSIONS/GRILL VOLUNTEERS

- Masks are required at all times while serving.
- Food Preparation - all volunteers must wear gloves, wash hands and change gloves every 30 minutes or when you leave prep area and return.
- Money Takers: Gloves are optional but need to wash hands often or use hand sanitizer. DO NOT HANDLE FOOD. This will lead to cross contamination.
- Baskets will be used to hand food to customer
- Hand sanitizing stations will be setup outside the concession stand for customer usage.
- All condiments at concessions will be in the form of individual packets.

PRESS BOX / SCOREBOARD KEEPER

- Masks are required for all
- No Gloves required. Please wash hands prior and after, as well as sanitize all equipment that is used with disinfectant wipes.
